1 Introduction

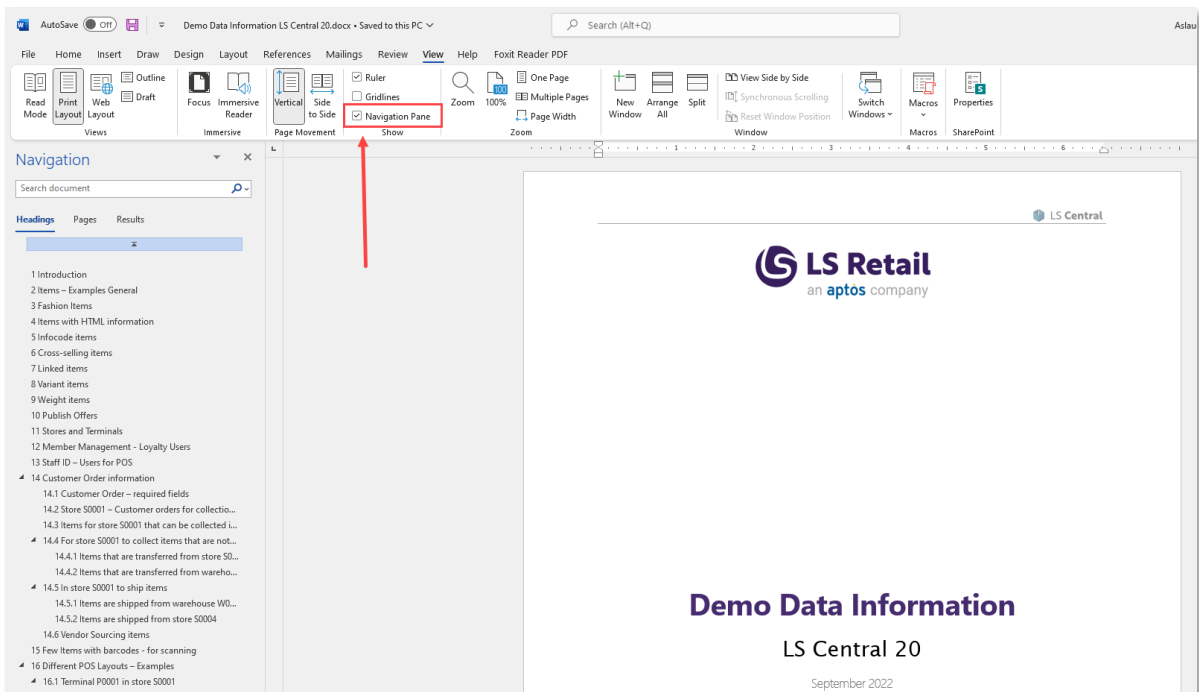

This document is based on data from the Demo Data Company included with LS Central.

The document includes information about the Demo Data Company that might be practical for those working with the solution: testing, demoing, or programming.

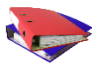

The document simply gives examples of the various data; it does not give a complete description of the LS Central demo data.

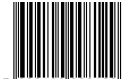

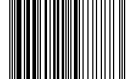

Tip:

For easy navigation of the document, we recommend that you activate Word's Navigation Pane as shown in the below image:

Item T-shirt Linda Wear has a few images, in total 5.

4 Items with HTML information

Examples of items that have HTML information:

Item	Description	Barcode	QSR	Picture
50000	Briefcase, Leather	 4 007817 504598 >		
50050	Appointment Diary	 6 420618 441950 >		
60150	Wireless mouse	 4 032564 567893 >		
57000 Deep color	My day foundation Deep color	 5 699100 008129 >		
57010	Wow me mascara	 5 695486 584752 >		

The HTML information is used in the POS, eCommerce and the LS Retail app ScanPayGo

To view HTML information for an ITEM in the POS:

1. Sell the item.
2. Double-click the item line in the journal.
3. Panel #POSHTML is displayed.

Note:

- a. if an item does not have information for the HTML, then nothing happens when you double-click the item.
- b. **Terminal** and the **data grid control** must be configured for this.

5 Infocode items

Example of an item that is linked with an infocode:

Item	Description	Barcode	Infocode	Picture
50060	Stapler	 4 042448 104175 >	TRAV-REAS With Random Factor as 50%	

Example in POS:

Selling item no. 50060

6 Cross-selling items

Examples of items that are setup for Cross-selling:

Item	Description	Barcode	Picture
55080	NAE laptop	 4 568597 645210 >	
55090	NAE 2.0 laptop	 4 569852 578946 >	
55100	NAE 3.0 laptop	 4 585963 579542 >	

Example in POS:

Selling item no. 55080:

The screenshot shows the LS Central POS interface. A modal window titled "For laptops" is open, displaying a grid of cross-selling items under the "Accessories" category. The items and their prices are:

- Display 24EG (LCY 149.99)
- Display VH240a (LCY 549.00)
- UltraThin Mouse (LCY 16.99)
- Black ink cartridge (LCY 30.99)
- Powerup Backpack (LCY 148.50)

The modal also includes buttons for "OK", "Clear Selection", "Clear Qty", and "Cancel". The background interface shows a "Balance" field, a "Manager Login" button, and a "Staff Lookup" button. The bottom status bar displays: SALES SALES FMode: INFOCODE Receipt: 00000P0001000000002 Staff: 65 Mgr: Yes 10/12/2022 - 9:56:11 AM.

7 Linked items

Example of item that has another item linked to it:

Item	Description	Barcode	Linked to item	Picture
30070	Cola, Ola-s 33 CL		Linked to item 30071	

Example in POS:

Selling item no. 30070:

Item no. 🔍

Description	Qty	Price	Disc%	Amount
Cola, Ola-s 33 CL	1	0.78LCY	0	0.78
> Bottle, 33 CL	1	0.13LCY	0	0.13

8 Variant items

Examples of items that have variants:

Item	Description	Picture
40015	Jeans Shirt Linda line	
40020	Skirt Linda Professional Wear	
40040	Blouse Linda Professional Wear	
40045	T-shirt Linda Wear	
40060	Jacket Davi-s Professional Wear	
40075	T-shirt Davi-s Wear	
40110	Coat Davi-s Professional W.	
43010	Leather Boots Davi-s	
43120	Moccasins Davi-s Casual	
43130	Leather shoes Davi-s Wear	
43140	Woman's boots leather	
43150	Dress shoes Linda line	
43160	Boots Linda line	
57000	My day foundation	

Example in POS:

Selling item no. 40020 directly with the number or PLU key

Note:

- Usually items are sold with barcode including the variant, so then the variant options do not appear in POS

Variant

S0016	Cronus Activity	P0092, P0093, P0103, P0104	

12 Member Management - Loyalty Users

The Demo Data Company includes a setup for member management with different member clubs:

- CRONUS
- CRONUSHOSP
- CRONUS-SPG
- CR-STAFF

Members in club CRONUS:

Name	User ID	Password	Card no.
Tom Thomsson	Tom	tom.1	10021
Jane Johnson	Jane	jane.1	10022
Stefan Tomson	Stefan	stefan.1	10001
Brit Tomson	Brit	brit.1	10003
Paul Tomson	Paul	paul.1	10002
Sabina Garcia	Sabina	sabina.1	10008
Teresa	Teresa	teresa.1	10009

Members in club CRONUSHOSP:

Name	User ID	Password	Card no.
Hal Johnson	Hal	hal.1	50001
Hope Williams	Hope	hope.1	50002

Members in club CRONUS-SPG:

Name	User ID	Password	Card no.
Gregory Brown	gregory	gregory.1	80001
Gabrielle Houston	gabrielle	gabrielle.1	80002
Gitte Tomsen	gitte	gitte.1	80003
Grant Carson	grant	grant.1	80004

Members in club CR-STAFF:

Name	User ID	Password	Card no.
Paul Miller	Paulmiller	Paulmiller.1	20001
Vivian Hamilton			20002

13 Staff ID – Users for POS

Generally, all staff ID users that can log into the stationary POS can log into Mobile POS as well.

User 101 can log into all stores.

Specific staff for stores include the store number in their user number.

For example:

- staff 301 for Store S0003
- staff 501 for Restaurant S0005

The general setup for staff is:

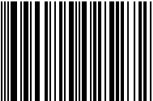

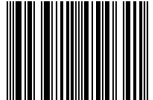

- POS users with full permission: users with a number ending in „1“ as in 101, 301 and 501.
- POS users with cashier/waiter permission (some limitations): users with a number ending in „2“, as in 102, 302 and 502.
- Users 101 and 99 have access to all stores.

14 LS Recommend items

Examples of items in the LS Central Demo data company that work with LS Recommend.

Note:

- The demo setup has been prepare only for few items to show the functionality in POS.

Item	Description	Barcode	Picture
Group 1			
40000	Jeans Linda line	 5 690020 025272 >	
40050	Jacket Linda Casual Wear	 5 693322 454641 >	
40055	Sweater Linda	 5 694646 851246 >	
40100	Leather Bag Davi-s Casual Wear	 5 698565 254515 >	
40160	Blue Gloves Linda	 5 690007 568990 >	
Group 2			
40020	Skirt Linda Professional Wear	 5 699100 000659 >	
40040	Blouse Linda Professional Wear		
40170	Bag Linda	 4 056845 689784 >	
40180	Leather Backpack	 5 698756 321453 >	

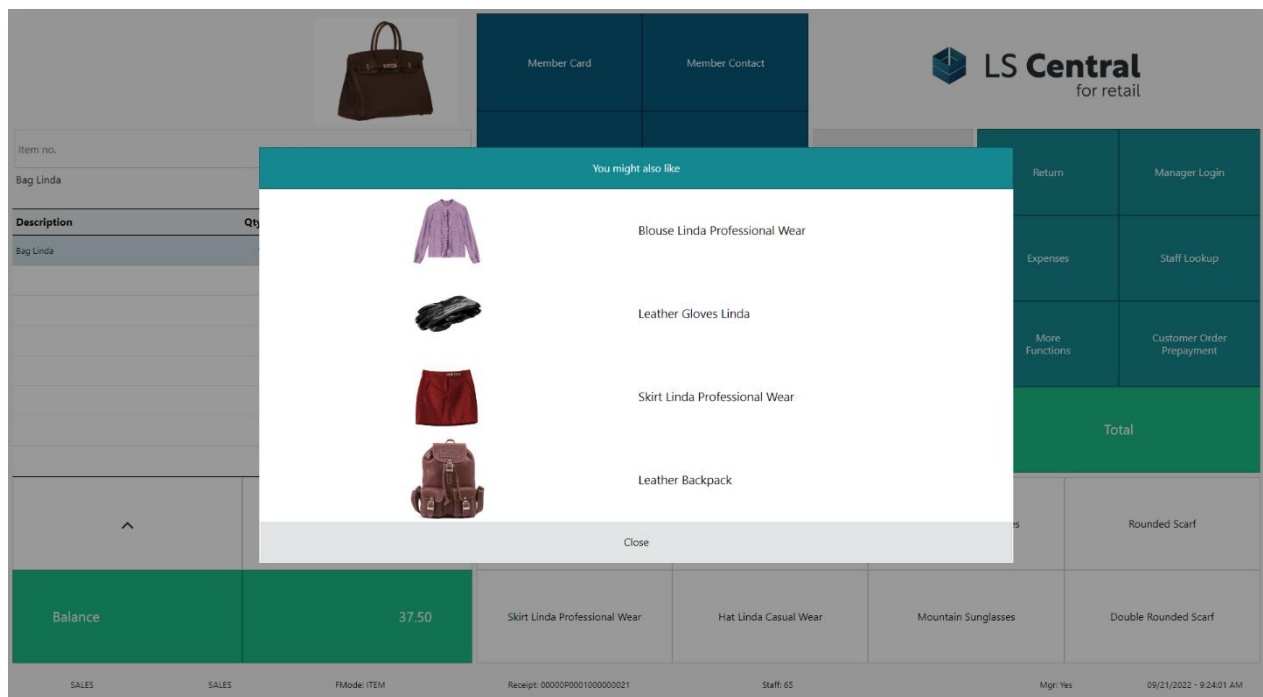

Item	Description	Barcode	Picture
40190	Leather Gloves Linda	 5 690063 257418 >	

Note:

- There are two demo groups, Group1 and Group2
- When an item is sold from each group the recommendation will exclude that item, if you then continue to sell items from the same group, the recommendation next time in the sale has fewer items by the ones that has already been selected

In POS:

- Sell one of the items from the list
- Select button LS Recommend
- The recommend list opens

15 Customer Order information

The following information is intended to be of assistance for those who want to demo and test the customer order process in the demo data company.

The section includes some information about the setup and a list of some items that can be used for customer orders.

15.1 Customer Order – required fields

In Customer Order setup it is possible to set the required fields for the process for customer orders in the POS.

This is the setup in the Demo Data Company:

Table No. ↑	Table name	Field No. ↑	Field name	Coll... Man...	Ship... Man...
→ .10016651	LSC Customer Order Header	.109	Name	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
10016651	LSC Customer Order Header	110	Address	<input type="checkbox"/>	<input checked="" type="checkbox"/>
10016651	LSC Customer Order Header	111	Address 2	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	112	City	<input type="checkbox"/>	<input checked="" type="checkbox"/>
10016651	LSC Customer Order Header	113	County	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	114	Post Code	<input type="checkbox"/>	<input checked="" type="checkbox"/>
10016651	LSC Customer Order Header	115	Country/Region Code	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	116	Phone No.	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	117	Email	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	118	House/Apartment No.	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	119	Mobile Phone No.	<input type="checkbox"/>	<input type="checkbox"/>
10016651	LSC Customer Order Header	121	Territory Code	<input type="checkbox"/>	<input type="checkbox"/>

15.2 Store S0001 – Customer orders for collection or shipment

Store S0001 has this sourcing locations setup:

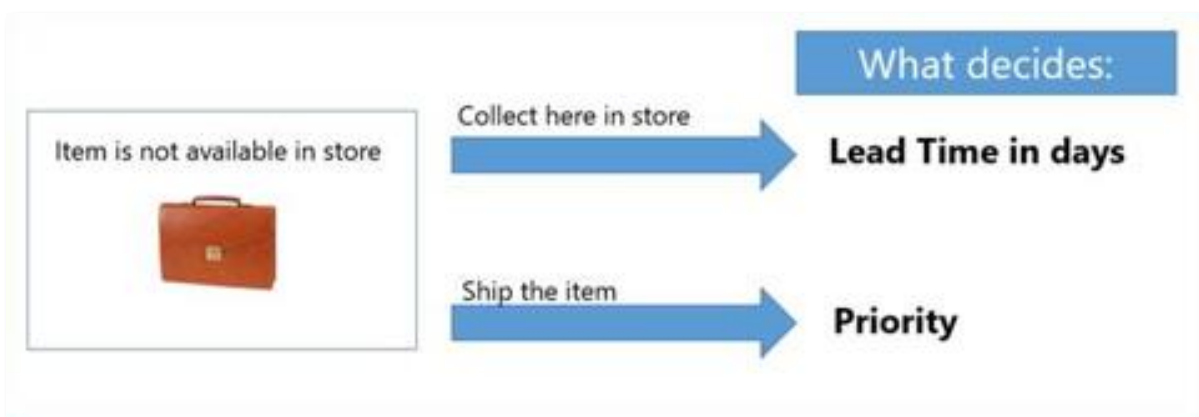

Sourcing Location ↑	Lead Time Calculation	Priority	Will Ship Orders	Orders can be Collected
S0001	1D	2	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
S0003	3D	4	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
S0004	1D	3	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
S0007	2D	5	<input checked="" type="checkbox"/>	<input type="checkbox"/>
S0009	2D	5	<input checked="" type="checkbox"/>	<input type="checkbox"/>
W0001	2D	1	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
W0002	2D	2	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Note: if this setup is changed, the behavior for the customer order collect and shipment can give a different result.

Priority and **lead time** are parameters for customer orders to decide from which location the CO is sent.

This image explains how lead time or priority come into decision for the CO.

- Collect uses shortest Lead Time
- Shipment uses lowest Priority

15.3 Items for store S0001 that can be collected in the same store

These items have inventory in store S0001, and can therefore be collected in the same store, S000.

For these items, and as long as they are available in location S0001, there is no need to have them transferred from another store or warehouse to S0001.

Sourcing Location

Collect here, Inventory available.

No.	Description	Item Category	Product Group	Vendor No.
40170	Bag Linda	CLOTHING	ACCESS	44010
40160	Blue Gloves Linda	CLOTHING	ACCESS	44010
40030	Hat Linda Casual Wear	CLOTHING	ACCESS	44010

15.4 For store S0001 to collect items that are not available in same store
 Items that the customer wants to collect in store S0001, but are not available in this store, so they need to be transferred from another location.

Collect here tomorrow dd-mm-yy Inventory transfer.

15.4.1 Items that are transferred from store S0004 to S0001

No.	Description	Style/Color/Size	Item Category	Product Group	Vendor No.

36320 - Zart Mouthwash

17 Different POS Layouts – Examples

In the Demo Data Company there are various POS layouts that are used by the different stores and terminals.

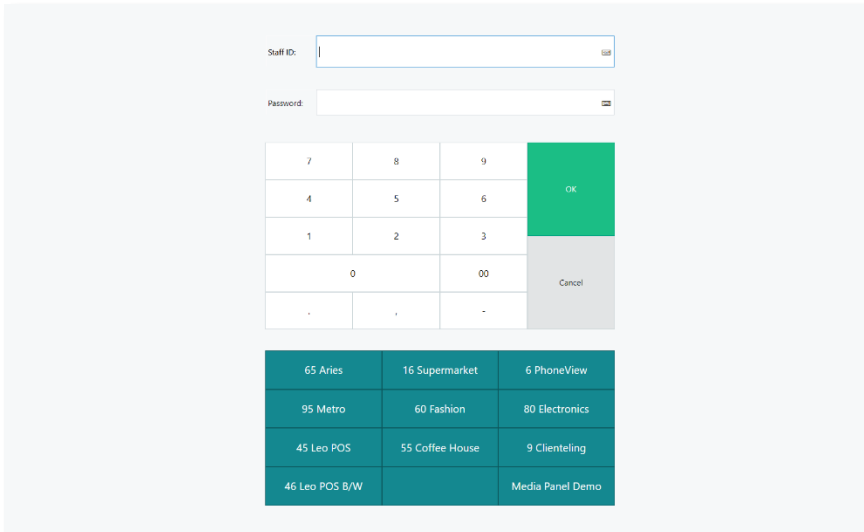

The POS layout consists of a setup of the POS profiles, the interface, menu, and style profile. These profile settings can then be configured for the store, terminal, staff, and staff for stores.

This chapter includes examples of some of these layouts, all of which are included in the LS Central Demo Data Company.

17.1 Terminal P0001 in store S0001

For demo purposes, Terminal P0001 has different users on the buttons.

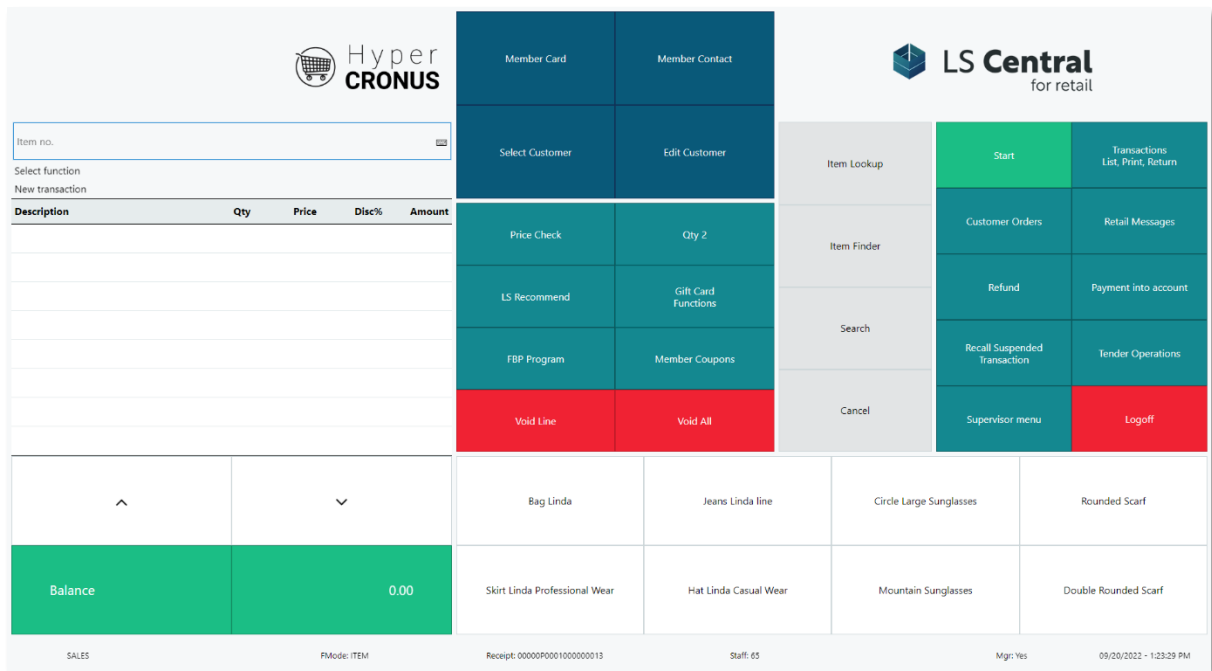

Each button opens the POS with a different layout.

The screenshot displays a POS login interface. At the top, there are two input fields: "Staff ID:" and "Password:". Below these is a numeric keypad with buttons for digits 0-9, a decimal point, and a "00" button. To the right of the keypad are "OK" and "Cancel" buttons. Below the keypad is a grid of buttons for different POS layouts:

65 Aries	16 Supermarket	6 PhoneView
95 Metro	60 Fashion	80 Electronics
45 Leo POS	55 Coffee House	9 Clienteling
46 Leo POS B/W		Media Panel Demo

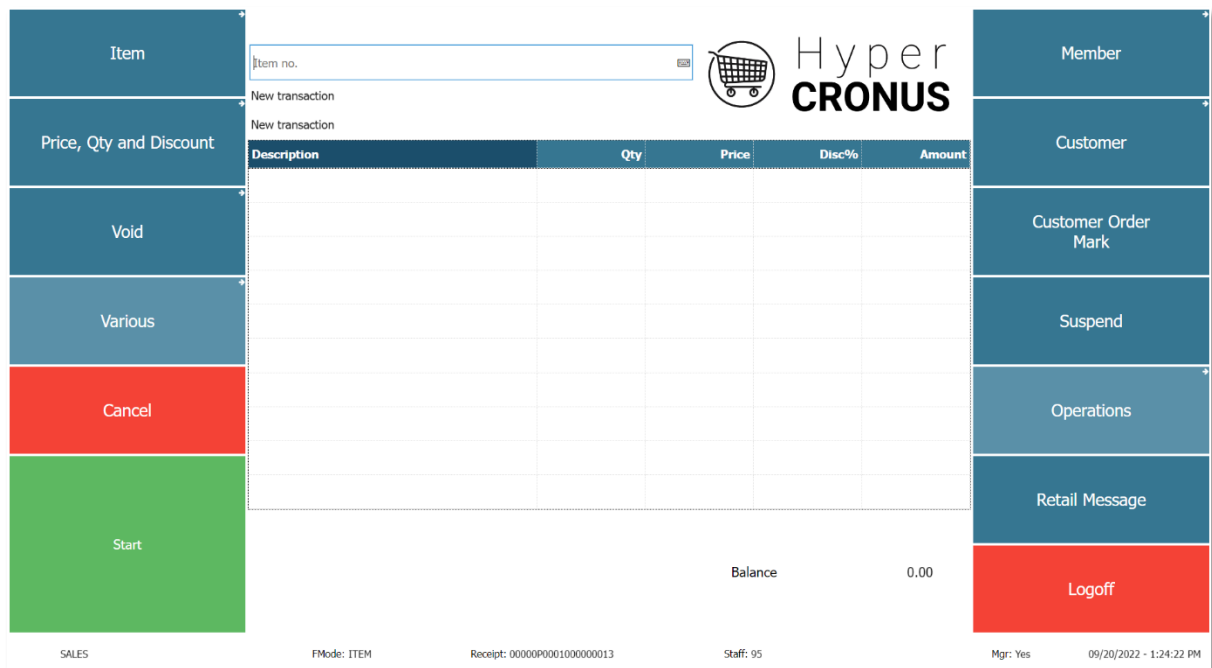

17.1.1 Aries

Notes:

- This POS layout is a nice general POS layout.
- Balance and the total amount; touching these opens a pop-up menu to display detailed total amounts.
- When a member is part of the sale, information about him or her is displayed on the POS in the top left part.

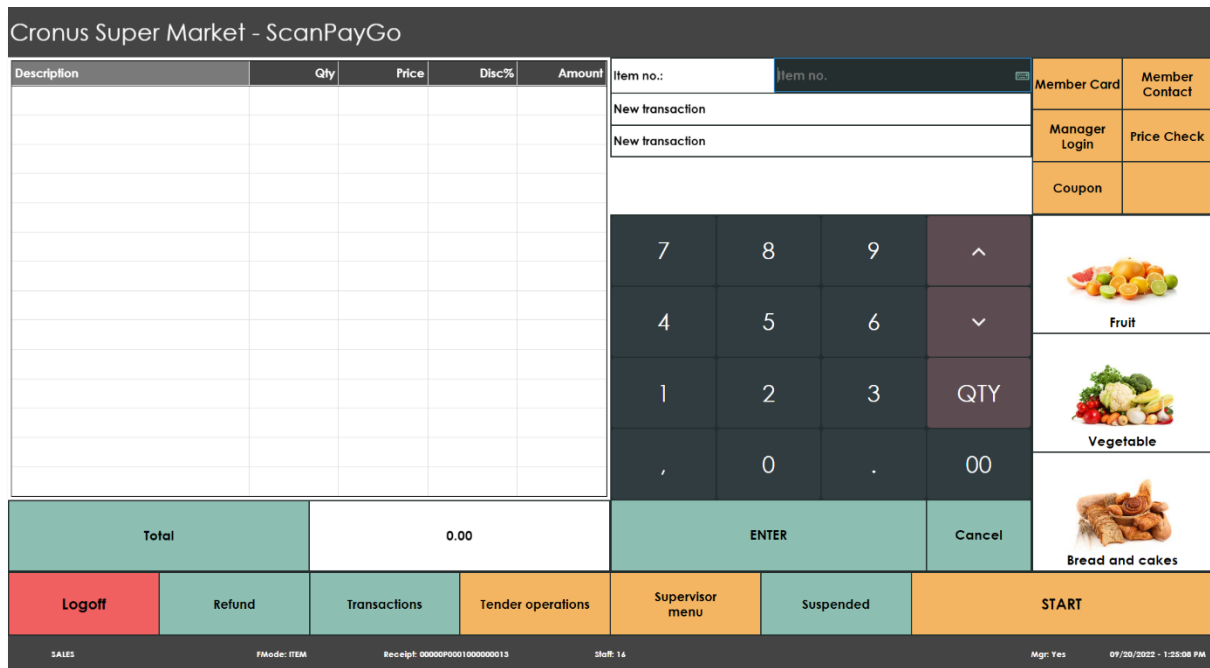

17.1.2 Metro

Notes:

- This POS layout is intended for a touch screen tablet where the buttons are on the side.
- Many buttons have pop-up menus.
- Balance and the total amount; touching these opens a pop-up menu to display detailed total amounts.
- When a member is part of the sale, information about him or her is displayed on the POS.

17.1.3 Supermarket

Notes:

- Supermarket is an example of a layout where the background is dark.
- The name of the store is displayed at the top of the screen.
- Fruit, Vegetable, Bread and cakes open a panel with the items. In these cases, it is easy to have many buttons, using the whole screen.
- Number keys are in a menu for demo purposes; in reality consider using this area for another set of buttons, some commands perhaps.
- Balance and the total amount; touching these opens a pop-up menu to display detailed total amounts.

17.1.4 Fashion

SALES
FMode: ITEM
Receipt: 00000P0001000000013
Staff: 60
Mgr: Yes
09/20/2022 - 1:26:03 PM

Notes:

- Has the same colors as the POS for the phone view and mobile POS.
- Includes different menus; using the buttons on the left changes the menus for the items.
- Includes More Commands menu.
- When a member is part of the sale, information about him or her is displayed in the empty area.
- Balance and the total amount; touching these opens a pop-up menu to display detailed total amounts.
- Menus Linda Line, Clothing, and Cotton Items are dynamic menus.
- Includes buttons for Customer Order processes.

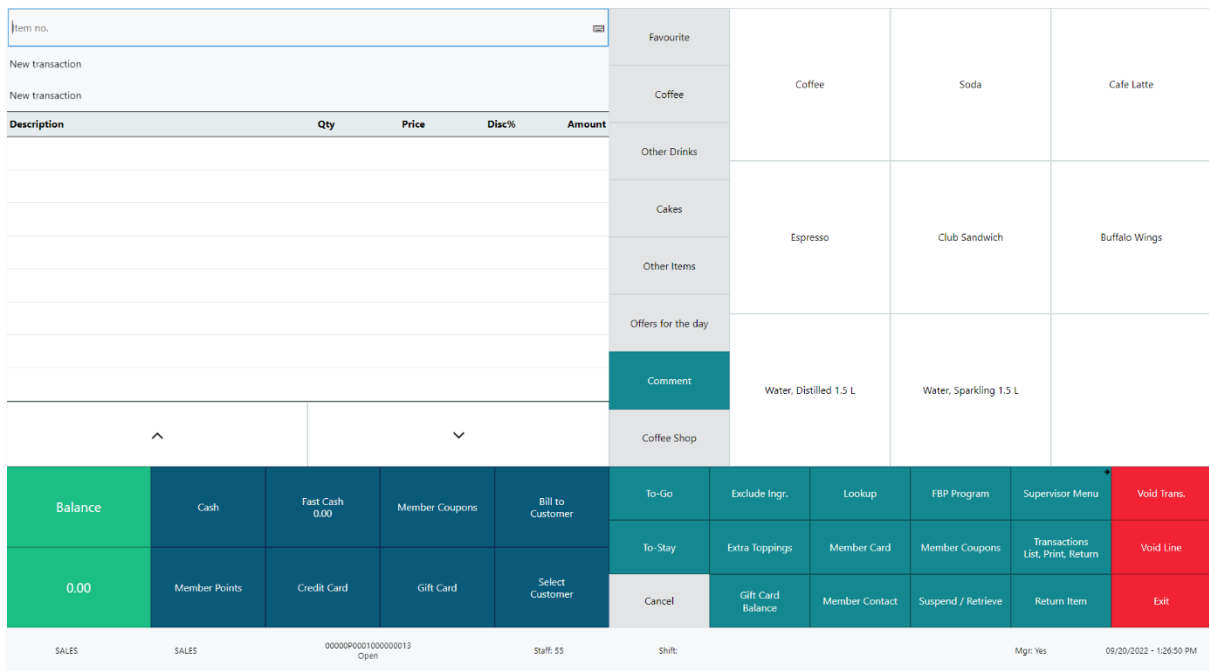

17.1.5 Clienteling POS

Notes:

- POS that is showing how the Clienteling feature works in the POS.
- Select the button in the top left corner, Shop Fashion or Shop Cosmetics. Then a web template opens, and that is the Clienteling feature.

17.1.6 Coffee House

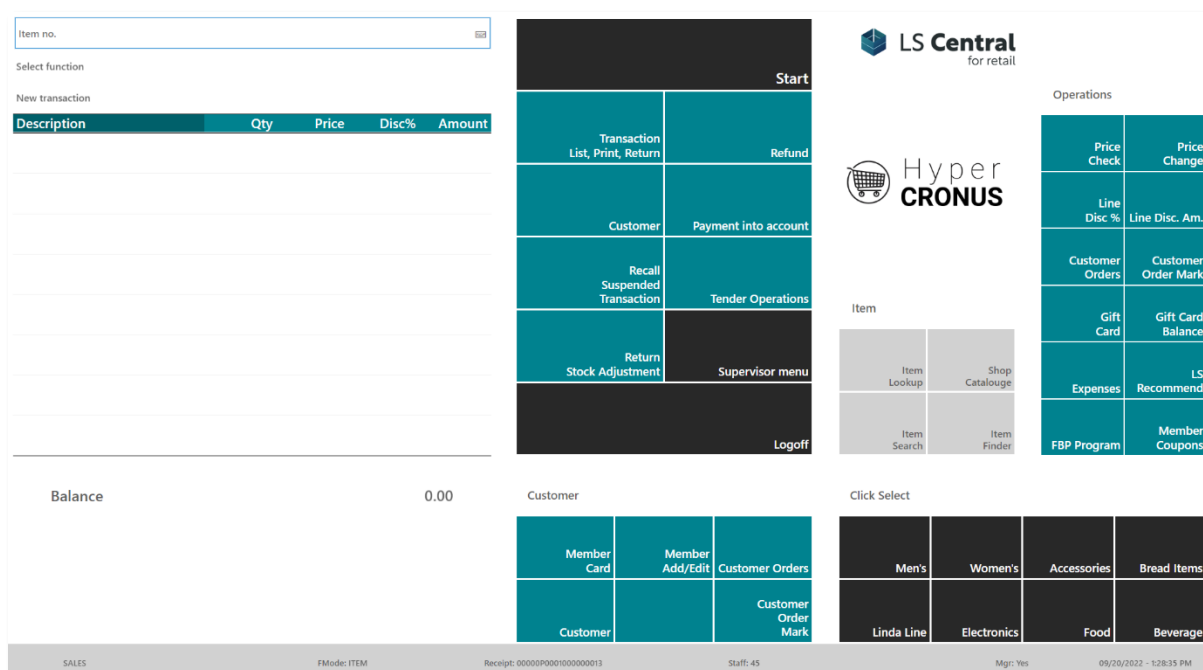

Notes:

- Example of a simple POS layout for a coffee place.

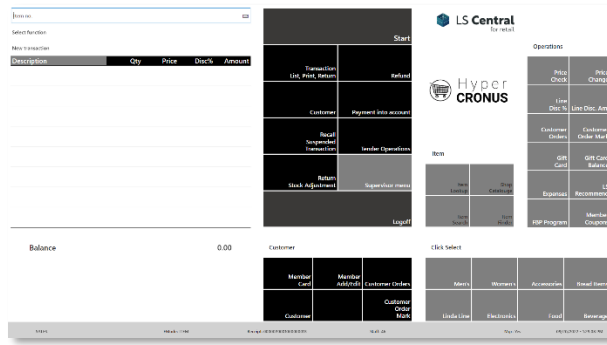

- Has a button for fast cash.
- Items are in menus.
- Has POS commands that are used for food and beverage purposes as Extra ingredients, Exclude Ingr.
- Has offers (deals).
- Has a dynamic menu as cakes.

17.1.7 Leo POS

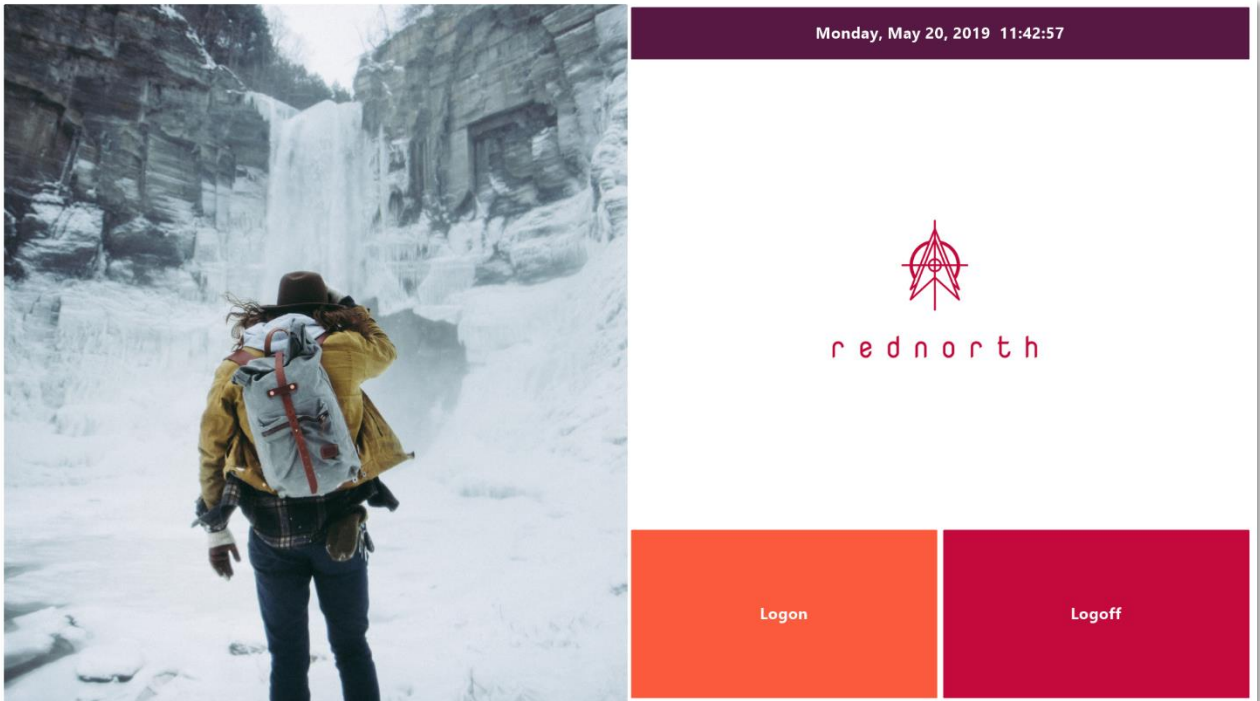

Notes:

- Example of a POS layout with a few groups of menus.
- Menus are framed in with an empty space between them; this is done with additional narrow columns that are not configured.
- When a member is part of the sale, information about him or her is displayed in the empty area.
- Balance and the total amount; touching these opens a pop-up menu to display detailed total amounts.
- Includes buttons for Customer Order processes.
- This POS layout also has a black-and-white version.

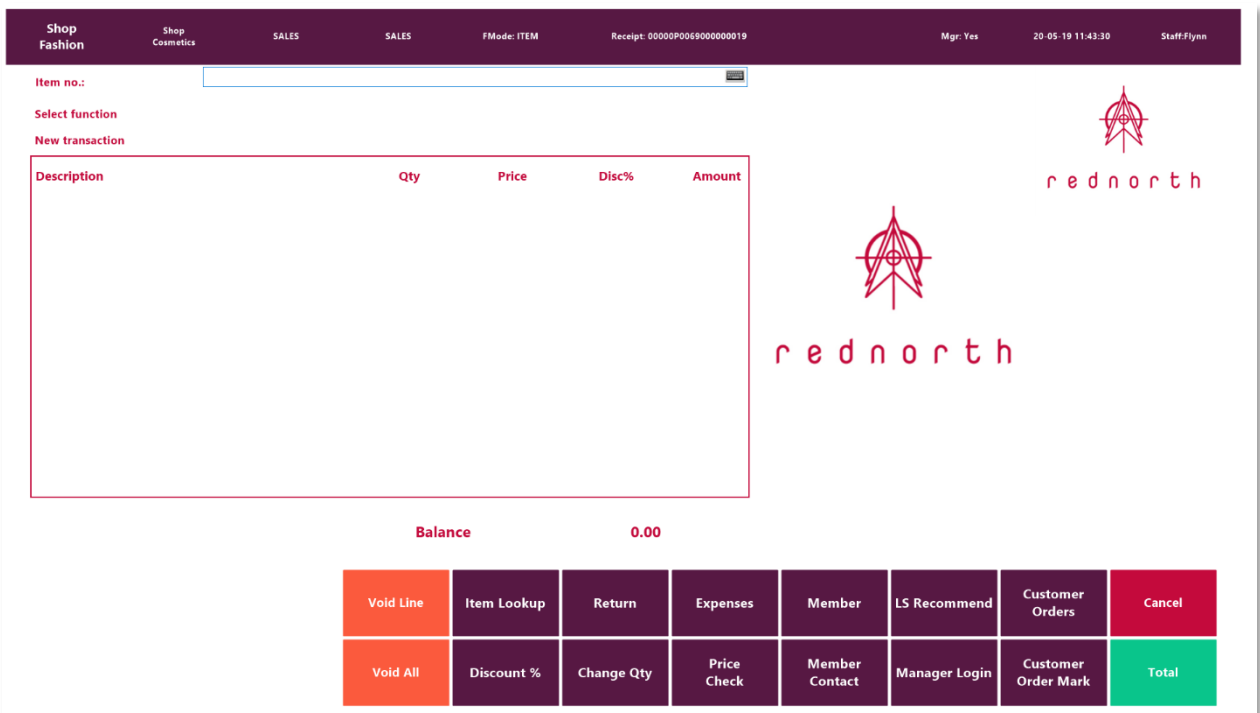

17.2 Terminal P0069 in Store S0004

Notes:

- Example of a POS with Clienteling.
- Includes buttons for Customer Order processes.
- Button Shop Fashion opens the Clienteling mode .

17.5 Terminal P0103 in Activity Store S0016 – SPA

The screenshot displays the LS Retail POS terminal interface for 'Activity Spa'. The interface is divided into several functional areas:

- Header:** Includes a small image of a spa scene, an 'Item no.' input field, and the store name 'Activity Spa'. A user profile icon and 'ADD MEMBER' button are visible in the top right.
- Product Selection:** A grid of four product categories with representative images: 'Spa Cosmetics', 'Food', 'Drinks', and 'Extras'.
- Transaction Table:** A table with columns for 'Desc.', 'Unit Price', 'Qty', 'Amt.', and 'Disc%'. The table is currently empty.
- Balance:** A green bar showing 'Balance' with a value of '0.00'.
- Payment Methods:** A grid of buttons for 'Cash', 'Card', 'Charge to Reservation', 'Pay Reservation', 'Pay Group', 'Currency', 'Member Points', 'Check Allowance', and 'Deposit'.
- Navigation Menu:** A vertical sidebar with buttons for 'Sell Activity', 'Book Activity', 'Calendar Matrix', and 'Cancel'.
- Function Grid:** A 3x3 grid of large buttons for 'Start', 'Transactions List, Print, Return', 'Customer Orders', 'Refund', 'Payment into account', 'Recall Suspended Transaction', 'Tender Operations', 'Supervisor menu', and 'Exit'.
- Footer:** Displays system information including 'SALES', 'FMode: ITEM', 'Receipt: 00000P0103000000001', 'Staff: 1601', 'Mgn: Yes', and the date/time '09/20/2022 - 1:35:29 PM'.
